## Keynote Session: State of Industry and the Path Forward

**Session Chair:** Paul Hillegeist

**Welcome & Introduction:** Paul Hillegeist, Quest FWE

**Title :** *'Going from Technology to Commercialisation'*

**Presenter** Leif Delp, Equinor

**Title:** *'The importance of Return on Experience when Dealing with Interface Management and Responsibility Transfer among Project Stakeholders'*

**Presenter** Bruno Geschier, Ideol Offshore

**Title :** *'A Vision for an Integrated System Approach'*

**Presenter** Amy Robertson, NREL

## Cost Reducing Scenarios

**Session Chair:** Denis Matha, Ramboll

**Title :** *'Translate O&G Cost-saving Experiences into Floating Wind'*

**Presenter** Matt Kirk, Wood Group

**Title :** *'Financing Climate in Floating Wind'*

**Presenter** Randy Male, Director, Green Giraffe

**Title :** *'Analyses of 18 Floater Designs. Steel and Concrete'*

**Presenter** TBA, Iberdrola

## Floater Production for Commercial Scale

**Session Chair:**

***Title : 'Economic Serial Floater Production from a Design Perspective and Project Execution'***

***Presenter TBA, Ramboll***

***Title : 'Guaranteed Delivery of Floating Units in a Commercial Scale Project: Steel'***

***Presenter TBA, Saipem***

## Mooring Systems & Technology

**Session Chair:** Amy Robertson, NREL, **Co-chair:** Thomas Agnevall, Strana

***Title : 'Cross-over from O&G Mooring Experience to Floating Wind'***

***Presenter Thomas Agnevall, Strana Offshore***

***Title : 'Floating Wind in Shallow Water Areas. Options and Considerations'.***

***Presenter Noel Halloran, TFI Marine***

***Title : 'Mooring Line Redundancies & Maintenance Considerations'***

***Presenter Anil Sablok, TechnipFMC***

***Title : 'Mooring Solutions Evolution Towards Commercial Scale Deployment'***

***Presenter Leopoldo Bello, Vryhof***

# June 29, 2021

## Assembly & Installation

**Session Chair:**

**Keynote: "An outlook on Floating Wind Projects"**

**Presenter** TBA, Ocean Winds

**Title : 'Crane Vessels, an Alternative for Floating Wind?'**

**Presenter** Yvan Leyni , Maersk Supply Service

**Title : 'Comparing Installed Cost of Various Mooring Systems for a 15MW Floater in 130m Water Depth'.**

**Presenter** TBN , Acteon Group

**Title : 'Windfloat® Upgrades and Associated Installation Strategies Towards Commercialisation '**

**Presenter** Marco Wiedijk, Principle Power

## Power Cable Systems & Substations

**Session Chair:**

**Title : '145 & 245 kV Dynamic Export Cables for Floating Wind'**

**Presenter** Audun Johanson , Nexans

**Title : 'Two Decades of Experience with Dynamic Power Cables & Substations'**

**Presenter** TBA, Aker Offshore Wind

## De-Risking Projects. Management & Controls

**Session chair :**

**Title : 'A Business Model for Developing Floating Wind'**

**Presenter** Henrik Baltscheffsky, Hexicon

***Title : 'Supply Chain Management to De-Risk Project Execution'***

***Presenter Von Thompson, Xodus Group***

## **Operations & IMR Scenarios**

**Session chair :**

***Title : 'Comparison of Different O&M Scenarios for Large Floating Wind Farm Arrays.'***

***Presenter TBA, Ramboll***

***Title : 'Application of Digital Twins for a Cost Effective O&M Strategy for Floating Wind Farms'***

***Presenter Jonathan Boutrot, Bureau Veritas***

***Title : 'Operations & IMR: The WindFloat® Way'***

***Presenter Clara de Moura Santos, Principle Power***

***Title : 'Timeline to Commercial Scale Projects, Closing***

***Presenter Erik Rijkers, Quest FWE***
